Extends Floor Life Up to 25%

LVT and similar synthetic flooring provide low-cost durability, but foot traffic, wheel traffic, and other sources of everyday wear and tear can dull and damage even the toughest floors if not properly maintained. Reinforce Cleaner and Protectant's innovative formula continually conditions floors to fill in scuffs and light scratches that affect all wear layers, regardless of thickness, while also removing soils. Preserve your floors' pristine condition!

Rescue Gloss Versus Rescue TruMatte

Formulated to provide the ultimate protection for all low-maintenance flooring types, Rescue Floor Finishes are available in two attractive sheens to suit every aesthetic.
