

The All NEW Clario C3

Hand Hygiene Dispensing System

Premium Design, Practical Savings

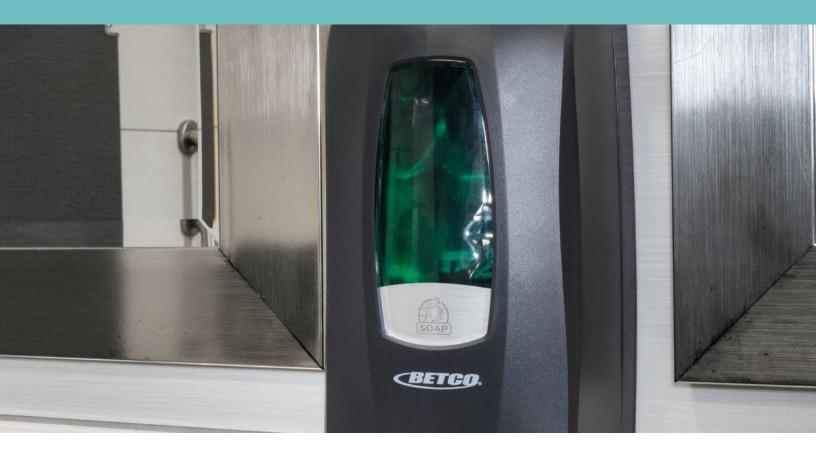

The Clario® name has long been associated with industry-leading value. The Clario C3 hand hygiene dispensing platform furthers this proud Betco® legacy by combining advanced functionality to drive down cost with a new, sleek aesthetic—all within a hygienic closed-loop system.

Clario C3 is designed for modern facilities that demand both performance and sustainability.

Industry's Lowest Cost Per Handwash

Modernized Appearance

Design That Impresses

- Premium matte textured finish
- 2 Improved fill-level viewability
- Locked or open functionality
- 4 ADA compliant
- 5 Durable ABS construction for long dispenser life
- 6 Pre-drilled back plate designed to accommodate existing hole patterns and reduce installation time

Enhanced Functionality

Innovation That Drives Savings

Touch Free

Manual

Precise portion control with 3 shot size options on internal Dosage Selector located behind the pump for added flexibility and maximum customer value.

0.5 mL = 2,000 shots / refill

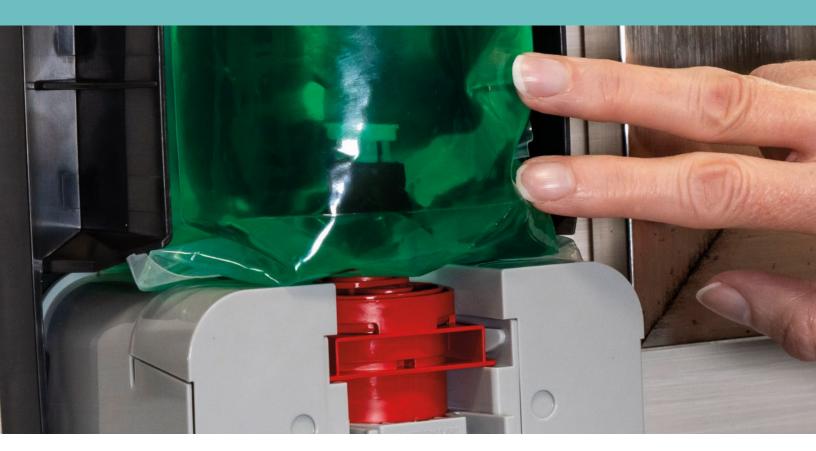

1.0 mL = 1,000 shots / refill

1.5 mL = 667 shots / refill

- Long lasting permanent pump for up to 94% reduction in postconsumer refill waste and significant savings
- Pump retainer clip installed to reduce accidental pump disposal
- 3 Improved thick/rich foam quality
- Improved permanent foam pump provides 250,000 activations or approximately 125 refill bags
- 5 4D batteries are included in TF
- 6 Innovative Touch Free motor provides industry-leading battery life of 150,000 shots / 4 years

Smarter Skin Care

Starts Here

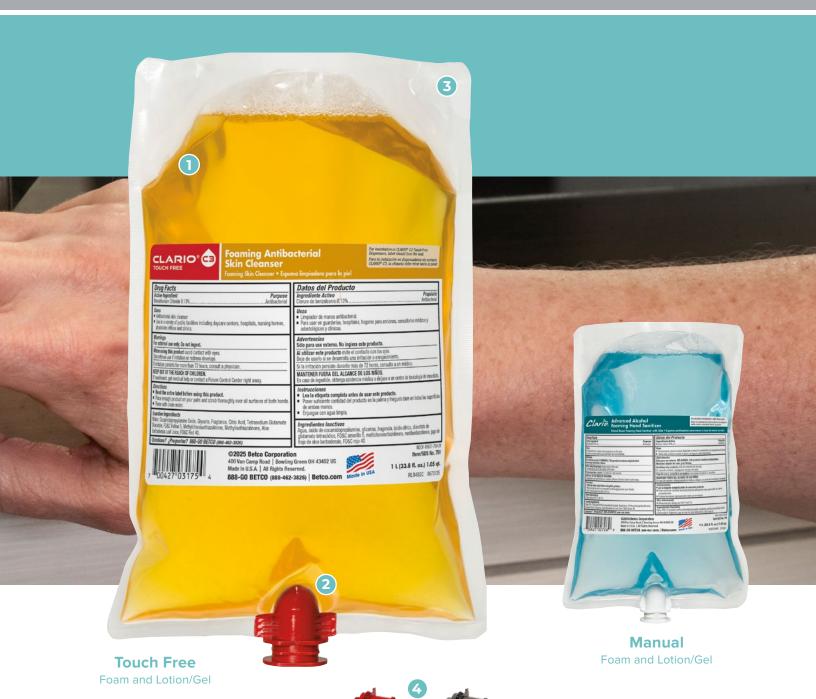

Bulk dispensers have higher bacterial contamination levels and can increase bacteria on hands.

CDC recommends cleaning or sanitizing bulk dispensers every time they are refilled.

- Factory sealed refills in a closedloop system eliminate cross contamination risk
- 2 Industry leading 98% "no-waste" evacuation provides more usable product
- 3 94% less plastic used compared to traditional rigid packaging, reducing environmental impact
- Permanent pump is not allocated in the cost of each refill

Variety of world-class foam and lotion skin cleanser formulas meet diverse needs

across industries

Trusted foaming and gel solutions support health and safety in every setting

Customization Available Elevate Your Brand

Reversible Product ID Badge

- Standard with every dispenser, a printed foil badge comes installed behind the view window to identify dispenser contents.
- The SOAP side faces outward when dispensers are shipped, but the ID badge can easily be reversed to show SANITIZER.

Elevate Your Brand

 Personalized custom logo badges are available for purchase to replace stock product ID badge, creating a customized upscale branded experience across a single facility or multiple locations.

Quick Fulfillment & Support

Continuity of Supply

Our production takes place in North America, ensuring a significant reduction in delivery times and reliable product availability.

- Pump and dispenser safety stock levels ensure availability
- All refill bag components are sourced domestically
- Key refill components are dual sourced to ensure supply
- Recent expansion to a 500,000 square foot, state-of-the-art facility
- Ability to leverage excess capacity, including ramp up to 24/7 production

With You Every Step

 Betco offers a 2-year warranty on all dispensers, as well as supported and flexible installation options for initial rollout.

Manual Dispenser and Refill SKUs

There is no change to the refill portfolio for the Clario[®] C3 Manual dispenser. These refills are not compatible with the C3 Touch Free Dispenser.
