

FastDraw® Freedom

Simple. Portable. Reusable.

Betco's FastDraw® Freedom is an innovative, portable and simple solution for chemical management systems. FastDraw Freedom can fill spray bottles, mop buckets or automatic scrubbers and doubles as a foaming spray gun for cleaning restrooms, showers or food sanitation areas.

FastDraw® Freedom

Simple. Portable. Reusable.

Beat The Competition

- Only system that can be reused.
- Only system that has a 1 GPM bottle fill rate for less foam and mess.
- Only system that can fill bottles, buckets and foam with the same unit.
- The most product variety of any portable system.
- FastDraw refills are up to 2.5 times lighter than competitive systems, weighing only 4 lb. for easier transport and use.
- Stable supply chain due to continuity of refills across entire FastDraw platform (if an unforeseen event occurred, and Freedom dispensers were unavailable, could still use FastDraw refills with another dispenser).
- FastDraw Freedom dispensers and refills are made in the USA and readily available.

It's Simple

- Just thread the Freedom onto any FastDraw refill bottle, hook up to water and turn the dial!
- Fills both bottles and buckets and even foams from the same dispenser.
- Reusable and sustainable – by not having the dispenser affixed to the refill, the Freedom can be reused, sending 50% less plastic to the landfill versus competitive systems.

FastDraw® Freedom Dispenser & Accessories:
